ABOUT MONARCH/CYPRESS

At Monarch/Cypress, quality is the common thread that runs throughout the very fabric of our organization. For nearly three decades, we have been a trusted supplier of fine bathrobes, towels and slippers to the worldwide hospitality industry. Founded in 1981 by Solomon and Berenice Chadowitz, the company has earned a staunch reputation for providing the finest quality products and unparalleled customer service to many of the most prestigious hotels, resorts, spas and cruise lines around the world, as well as medical, corporate and consumer retail markets. In 2011 Monarch acquired Cypress, the premier hotel robe supplier founded by Gene and Karen Faul in 1980. Today Ashley and Myron are carrying on the tradition of excellence, with a new generation of quality products designed for the most discriminating clients.

Monarch’s extensive collection of bathrobes and linens combines exacting manufacturing standards with the highest quality materials, and features a wide range of styles and fabrications to complement any property environment. We maintain state-of-the-art manufacturing facilities on every major continent, and use only the highest quality materials available. Our corporate headquarters are in South Plainfield, New Jersey, and our 37,000-sq. ft. facility there warehouses the industry’s largest inventory, as well as an in-house design and embroidery department.

Monarch Green Earth Eco towels are made from super-fine, Extra-Long Staple (ELS) cottons, which is known for contributing to the sustainable consumption of cotton. These towels are 160% bulkier and more absorbent than traditional combed cotton towels. An independent test done at Destination Hotel’s Inverness Hotel proved that they cost significantly less to launder, saving up to 30% in water consumption, using less detergent and taking 10-20% less drying time. Monarch Green Earth towels are manufactured in a state-of-the-art, agri-waste powered, zero discharge facility that produces no emission of effluents into the local water tables. The process also incorporates control union-certified, sustainable, eco-friendly dyes and chemicals to reduce impact on the environment.

### THE KING’S CHOICE COLLECTION

A collection of pristine white, ring spun, combed cotton, terry toweling woven at a full 19 ounces. Fine double yarn on the loops produces terry with greater bounce, a springier feel. Toweling that remains softer; lasting considerably longer and providing greater absorbency.

100% Ring Spun Combed Cotton 24/2

### THE LUXE COLLECTION

Microcotton® terry toweling developed in India from extra long (ELS) staple cotton. Lightweight yet dense, these towels are able to absorb three times more moisture by weight than the average towel. Extraordinarily soft, white and fluffy Monarch Luxe MicroCotton terry is the most absorbent, quick drying cotton towel on the market.

100% Extra-Long Staple Cotton

ECO LUXE LINENS

Constructed of performance microfiber that looks and feels like 600 thread count cotton. Remarkably soft and breathable, the extra fine weave protects against dust mite allergens. Eco friendly and highly sustainable, these linens are recyclable, extremely energy efficient, fast drying, and require no ironing. Guaranteed for 300 washes.

100% Microfiber Polyester

THE CHAMOIS GRID ROBE
#853—WHITE

THE DIAMOND CHAMOIS SHAWL
#863—WHITE
